Introducing.. Friendbot!

A SUPPORTIVE FRIEND

Sometimes all we need is someone to talk to, but sometimes it's hard to talk to other people, so our website will accommodate those people who can't seem to find that someone to talk to. your own personal virtual friend.

OPEN UP OPPORTUNITIES TO CONNECT

Once you feel you are ready to open up to another person, we can easily hook you up with people who you can relate to from our website. the virtual bot will take in the information from the conversations and match it with someone else who is using the website. this will allow for you to talk to someone who shares your interests and ideas.
